Patron Capital wins at the Asset Management Awards 2021 for the second year in a row

Patron Capital, the pan-European institutional investor focused on property-backed investments, has once again won Property Manager of the Year at the prestigious Asset Management Awards 2021.

The Property Manager of the Year award honours firms in the institutional or retail asset management spaces that have shown a true understanding of the regional and global property markets and have been able to translate that knowledge into risk-adjusted returns for the benefit of their clients. The award demonstrates Patron's continuous success throughout 2020, despite the impact of Covid-19.

The objectives of The Asset Management Awards are to honour the outstanding professionals and firms in the many and varied fields of asset management, to recognise, celebrate, and promote best practice, to support continuing development, contribute towards raising the standards of asset management and provide recognition for those who are providing effective support to the sector. The award ceremony took place virtually on 20 May 2021.

Keith Breslauer, Managing Director of Patron Capital, said:

"Despite the effects of the pandemic in 2020, we remained flexible and innovative in our investment approach, adding value through creativity and proactive asset management. This was demonstrated in the final close of Fund VI, while our work with the Women in Safe Homes fund shows our continued effort to improve society. This is the second year in a row we've won Property Manager of the Year at the Asset Management Awards, demonstrating that despite the uncertainty of the past 12 months we've still managed to build on our successes. I'm extremely proud of what we've achieved."
